WORK EXPERIENCE

Associate Operator

Wistron Infocomm Manufacturing (India) Pvt. Ltd., Bangalore, India

Dec 2020 - Nov 2022

- Operated and monitored the **buckling station**, ensuring precise alignment and proper handling of components during the assembly process.
- Performed **plunger insertion** with accuracy, maintaining product integrity and reducing operational defects.
- Conducted thorough **visualization and inspection** of components to identify and eliminate potential quality issues.
- Maintained safety and process compliance while improving workflow efficiency across **buckling, plunger, and visualization operations**.

Associate Operator

Cepheid India Pvt. Ltd.

Nov 2022 - Apr 2024

- Performed **filter cutting and pickling processes** with precision to ensure high-quality manufacturing standards.
- Operated and maintained **welding and capping equipment**, ensuring smooth production workflow and minimal downtime.
- Handled **plunger assembly and visualization tasks**, contributing to product accuracy and process efficiency.
- We hand oil and tube and vba visualization.

EDUCATION

S.J(govt) Polytechnic

Diploma in Computer science and engineering

Bangalore, India

July 2017 - May 2020

TECHNICAL SKILLS

- **Web Technologies:** HTML, CSS, Javascript
- **Core Computer Science Skills:** Data Structures, Algorithms, OOP
- **Programming Languages:** Python
- **Backend Frameworks** Django, Flask, Mysql
- **Development Tools** Git, IntelliJ, VS Code

PROJECTS

Weather App | Python, HTML, CSS, Django, OpenWeatherMap API

- * Developed a simple weather forecasting web app using **Django** with **OpenWeatherMap API** integration.
- * Implemented API calls to fetch live weather data and displayed temperature, humidity, and conditions for any city.
- * Designed a responsive user interface using **HTML, CSS, and Bootstrap** for better user experience.

Todo List App | Python, HTML, CSS, Django, Mysql

- * Built a simple and easy Todo list with the help of my technical skills that I learned.
- * Developed a secure **Django backend** with RESTful APIs to handle CRUD operations for tasks stored in a **MySQL database**.
- * Designed a responsive UI using **HTML, CSS, and Django templates**, enhancing user experience across different devices.
- * Implemented server-side form validation and user session management in Django to ensure data integrity and security.

HOBBIES

- Watching Telugu/Kanada movies
- New Technologies
- Keen to explore new technologies and tech stacks
